University of Michigan  http://www.sph.umich.edu/

A. Mark Fendrick, MD, is a professor of internal medicine in the School of Medicine and a professor of health management and policy in the School of Public Health at the University of Michigan. He currently directs the Health Services Research Core Laboratory and is co-director of the Center for Value-Based Insurance Design at the university.

Dr. Fendrick’s research focuses on clinical and economic assessment of medical interventions and technological innovation impact on clinical practice and health care systems. He has authored over 200 articles and book chapters and lectures on health and cost implications of medical interventions. Dr. Fendrick is the coeditor-in-chief of the American Journal of Managed Care and is on editorial boards of other peer-reviewed publications. He serves on the Medicare Coverage Advisory Committee.

Dr. Fendrick received his bachelor’s degree in economics and chemistry from the University of Pennsylvania and his medical degree from Harvard Medical School.

Event Sponsor
Today’s Merck is a global healthcare leader working to help the world be well. Merck is known as MSD outside the United States and Canada. Through our prescription medicines, vaccines, biologic therapies, and consumer care and animal health products, we work with customers and operate in more than 140 countries to deliver innovative health solutions. We also demonstrate our commitment to increasing access to healthcare through far-reaching policies, programs and partnerships.
