Client Testimonial:

Stefanie Weber, Comp. and Benefits Manager, City of Easton

AblePay Health is an employee benefit that provides discounts and flexible payment terms for deductibles and coinsurance – all at no cost to employers or their employees. Employers may also be eligible for direct discounts through AblePay. Medical debt puts financial pressure on your employees and their families, decreases disposable income, lowers morale, and may lead to avoidance of medical care. As AblePay members, employees will have the added protection of provider claim experts advocating on their behalf to ensure claims are processed accurately.
