eligible patients
- 1,050**  
providers across the U.S.
- Best in KLAS®**  
recognized six times for Employer-Sponsored Healthcare Services

# The Quadruple Aim

Quadruple aim is our framework for delivering value yields performance-based results like high provider retention and Net Promoter Scores (NPS®), more visits per year, reduced ER usage, and significant cost savings.

## Care teams

We empower our teams to change patients' lives for the better by prioritizing relationship building.

**90%**  
provider retention

**95%**  
of patients rate providers as excellent or good

**3x**  
more time with a provider for patients

  
providers focus on **outcomes**, not volume

## Patient experience

We create a best-in-class experience that enables members to actively engage in their healthcare journey.

 **73%**  
patient engagement

 **87+**  
avg. Net Promoter Score®

 **50%+**  
high risk engagement

 **3.4**  
average visits per year/patient

## Better outcomes

We integrate into workplace cultures to prevent, manage, and improve health outcomes.

 **67%** of engaged patients improve on 1 or more biometric markers

 **19%** reduction in ER visits for engaged patients

## Healthcare costs

We lower healthcare costs for patients and payors through a value-based care model, supported by performance guarantees that align with our Quadruple Aim.

 **42%**  
less in ER and inpatient cost for engaged patients

 **\$1,800**  
average in annual savings per engaged patient

Let's talk about how we can help improve health and save on total cost of care.
